

Lesson - 10

Reading Comprehension

- What is **reading comprehension** ? 
- **Reading comprehension** means whatever you read you **understand** that completely.
- **Reading** is also very **important strand** of any language, without **reading** you **cannot** learn a language because reading helps to get **ideas** and **thoughts**.

- **Reading is the 2nd input of the language, the more you read, the more you get new ideas and thoughts.**

What is the best way to understand whatever you read?

- The best way to understand everything you read is to just **focus on the message**, or **main point** of a sentence, story, or conversation.
- We do **not understand** much because we **stop ourselves on unknown words** and that's where we miss the complete flow of a story, sentence, or conversation.
